Re: Reinforced cockpits in F/O-350 class

Dear Ladies, Dear Sirs,

During the UIM General Assembly in Beirut, the UIM Council has been informed that COMINSPORT and COMINSAFE were discussing to make reinforced cockpits mandatory in the F/O-350 Class, as from the earliest point in time as deemed possible and reasonable, all by taking into consideration practical aspects.

Related tests are being monitored and their results shall be discussed at the 2019 UIM mid-term meetings to take place in spring 2019, with the plan to enforce the rule for the 2021 season, if testing results so advise.

Best wishes,

Thomas Kurth
Secretary General
